Office PH: 1 (800) 611-2122 Inside PH: (858)-

AISTORM—several families of AI integrated sensor and systems. • **Mantis family** of AI-in-Sensor integrated circuits are programmable camera chips including imager, always-on AI, high performance AI, power management, timing, etc. • **Cheetah family** of high speed imagers are capable of operation up to 260,000 frames per sec. (machine vision applications, IR beam replacement type app's where high speed/low latency triggering req. • **Monarch family** of spectral conversion provides low power spectral conversion in audio/other low frequency sensor app's • **Chameleon family** signal capture AFE's provide tools capture signals-real world environments/not available from competitors. Five-input multiplexer + reference channel, nyquist rate multi-channel sampling, CMR to 120dB, time constant accelerators, an INA with tap to null periodic and non-periodic signals, programmable gain, ADC, and filter, www.aistorm.ai/

Coto Technology—Coil windings • Reed Relays • Dry Reed Switches • MEMS – based Sensors • SMD • Relays • SS Switches • Single-Pole, Single Throw (SPST) • Solid State Technology • Various Package Styles (4, 6, 8DIP and 4, 8 pinSOP surface mount) **Auth Dist:** Digi-Key, Master Electronics, Mouser, Newark – Element 14, NRC Electronics, Relay Specialties, & Testco. www.cotorelay.com

Cuvee—Compact LED drivers, Universal Quad LED Drivers, Compact Phase - Cut Drivers, Tunable Dimmer / Driver **Auth Dist:** Avnet, Digi-Key, Future Mouser www.cuveesystems.com

DEVA -ISO and C/UL certified manufacturer and value added reseller of cable assemblies, wiring harnesses, fan and blower assemblies In addition DEVA can provide your company with PCBA kitting services which includes “turnkey manufacturing” and “box build” services. DEVA has excellent relationships with metal and plastics vendors, LCD manufacturers. www.devainc.com

Exxelia—a manufacturer of complex passive components and precision subsystems — Capacitors •

Filters • Magnetics • Materials & Tuning Components • Ohmcraft Resistors • Position Sensors • Slip Rings & Rotary Joints • Sub Contracting • Custom Designs • Micropen Printing • Aviation • Defense • Medical • Rail • Space • Energy • Telecom **Auth Dist:** Allied, Powell, , TTI www.exxelia.com

Eaton Electrical Fuses MED/ High Voltage, Circuit Protection Devices, Disconnects, Elevator Modules, Coordination Panels and Accessories.

Auth Dist: Allied, Arrow, Avnet, Digi-Key, Fuses Unlimited, Future, Heilind, Mouser, Newark, Sager, & TTI www.eaton.com

GOT Interface—GOT Interface is the comprehensive, end-to-end solution for the development and manufacturing of user interface systems. • Flexible Printed Circuits & Assemblies • Clear

Conductive Circuits Assemblies • Capacitive Sensing • Voice Control • Plastic Injection Molding • IML, IMD, IME • Silicone Rubber Molding & Decorating • Ruggedized Assembly Designs • NEMA & IP Rated System Design www.gotinterface.com

JQ Associates LLCPCB • Flex • Rigid Flex • Cables • Plastic parts • RF/ Microwave • Aerospace • Metal Backed • Chip Cavity • Blind & Buttied vias • Heavy Copper & Cu Coin Insert

Luminus— LED Manufacturer Broadest portfolio of product platforms and wavelengths • Brightest LEDs Custom

precision spectrums • Highest Power packages in the industry • Colored LEDs • Specialty White LEDs • Mid Power LEDs • COB Arrays • Dynamic COB Modules • UV / IR LEDs • **Auth Dist:** Avnet, Digi-Key, Future Mouser www.luminus.com

Macronix - Industry Standard Serial NOR Flash (512Kb - 2Gb / 3V, 1.8V, Wide Vcc (1.65V-3.6V)) • Parallel NOR Flash 2Mb - 1Gb (/ 5V,

3V, 1.8V) • NAND: SLC Parallel and Serial NAND (512Mb - 8Gb / 3V, 1.8V) • NOR & SLC NAND Flash: Industrial, Automotive, Known Good Die (KGD), **Auth Dist:** Arrow, Avnet, Digi- Key, Mouser & Future www.macronix.com

Major League- PCB Connectors • Headers and Sockets • Standard and Screwless Terminal Blocks • Shrouded Headers

• IDC and SIM Connectors • Terminal Strip Header • Micro Staggered Female on Board Connector - Surface Mount • Shrouded Headers

Auth Dist: : Bisco Industries, Future, Nedco, Electronics, PUI, Beyond Components, Master Elecronice, Walker Components Group & Quest Components www.mlelectronics.com

Murrietta Circuits—A Vertically Integrated EMS provider of custom made, high reliability circuit boards for the

Military/Aerospace, Medical and Industrial Electronics Industries among others. We offer a broad range of capabilities, from a single service to complete product. Component procurement and kitting • PCB Design/Manufacturing • Circuit Card Assembly • Electrical / Environmental Testing; PCB Flex/Rigid Design – Manufacturing • Retiming Devices • Interposer and Adapter solutions • Turn Key- Design

<https://www.murrietta.com/#>

NDK (NIHON DEMPA KOGYO CO., LTD)— Crystal Clock Oscillator • Crystal Filter • Crystal Unit • Frequency Synthesizer • SAW Device • Synthetic Quartz

Crystal • QCM Systems & Sensors • FCXO • OCXO • SPXO • TCXO • VCXO

Auth Dist: Digi-Key, Richardson & WPG

www.ndk.com

Nichicon— Aluminum Electrolytic Capacitors: Large Can type • Miniature Leaded / Snap in type • Chip SMT packages • Screw Terminal • Electric Double Layer

"EVerCAP®" • Conductive Polymer Aluminum Solid type, Plastic Film Capacitors • Conductive Polymer Hybrid Aluminum Electrolytic Capacitors • Inverter Smoothing Caps for Hybrid • "SLB" series are "Small Li-Ion Rechargeable Batteries" suitable for IoT and Electric Vehicle use • Function and Power Modules for Electric Vehicle.

Auth Dist: Allied, Arrow, Digi-Key, Future, Mouser, Newark, Projections Unlimited Inc, TTI, Walker Component Group

www.nichicon-us.com

Sanan IC Wide Band Gap Power Electronics: Silicon Carbide (SiC) Schottky Barrier Diodes (SBD), SiC MOSFETs, GaN

E-mode HEMTs. In bare die and discrete packages. - Optical Devices: Laser Diodes (LD) and Photodiodes (PD). Indium Phosphide (InP) DFB / FP lasers, GaAs VCSELs (singlets, arrays), monitor photodiodes (MPD), avalanche photodiodes (APD), Epitaxial Wafers. - RF / Millimeter Wave: Wafer foundry services for GaAs HBT, GaAs pHEMT, GaN E-HEMT.

Auth Dist: Future, & Mouser

Song Chuan USA – Relays – General Purpose • Industrial • Automotive • Mechanical • Miniature • PCB Power

• Solid State • Sockets & Accessories Certs: CE/UL/CSA/TUV, ISO 14001, ISO 9001, TS 16949 and REACH

Auth Dist: Future, & Mouser
